

Firestone Crossing

Prospective Tenant Cut Sheet

Presented By:
HARBOUR COMMERCIAL, LLC

Development Scope

Firestone Crossing is a 27,500 square foot retail center to be constructed and offered for lease in Firestone, Colorado at 10945 Colorado Boulevard. The development is in response to the significant undersupply of retail space in Firestone, and as such, this rapidly growing, highly educated and affluent population is forced to travel outside of the community for many services and amenities that most comparable communities take for granted. Firestone Crossing will provide an upscale neighborhood retail center in the heart of Firestone's central business district. The Town of Firestone has a much sought after demographic profile that can support both national credit and well seasoned regional tenants. The project's neighbors include McDonald's, Walgreens, Auto Zone, Les Schwab Automotive and The Learning Center.

The project will have a varied unit mix to accommodate several different user types. The construction system of the building is conventional steel frame on conventional spread footings. The building skin is a light-gage frame with metal panel, metal accents and storefront glazing. The front and side facades are designed to allow for maximum clear storefront glazing framed by modern metal porticos clearly defining each individual tenant's space along with large tenant signage. The corner units offer a particularly great opportunity for a brewery/tap house and upscale coffee shop.

Project Summary

Project Site	~2.3 Acres
Total RBA	~27,500 Square Feet
Total Units	Up to 16 (Units may be combined)
Unit Sizes	1,300-7,500 Square Feet+
Rent	From \$30.00/NNN
Estimated NNN's	\$9.65

Demographics Profile

The Town of Firestone was ranked #24 overall in Money Magazine's Best Small Towns 2013, and #1 Best City in Colorado for homeownership in 2021, according to NerdWallet. For the past decade, Firestone has been one of the fastest growing metropolitan cities in the United States, with an annual growth rate of 4.76% between 2010-2021. Median Household incomes are also very impressive at \$101,864 per household, and the median home cost in Firestone is \$409,305. Comparatively, the City of Boulder, known for its million dollar starter home's, has a median household income of \$71,847, and has an average home cost of \$785,562. Firestone's population is also highly educated, with over 35% achieving a graduate degree or higher. The demographics in Firestone remain strong throughout the population strata with over 65% of the population having a household income above \$75,000, and over 95% of the population having at least a high school diploma.

Firestone's location is a key aspect of its attractiveness. Located only 30 minutes from Boulder, Denver and DIA, Firestone is known as a quiet haven amongst the hustle and bustle of the Front Range. Lauded for its open spaces and unobstructed mountain vistas, Firestone has the million dollar views without the million dollar price tag. The town boasts over 640 acres of open space and 25 miles of bike trails, which gives its residence a sense of being away from it all while still only a short drive to all that Colorado's Front Range has to offer.
